location composite #2: Avonmouth Bridge

(2012-)

James Saunders

Use these descriptions as instructions for making sounds.
Descriptions may be realised by any number of performers, using any sound sources, and for any duration.
Any distribution of the descriptions amongst the performers may be made.
Descriptions may be used more than once in a realisation.

> the sounds are dull and rhythmic

All descriptions relate to sounds heard under Avonmouth Bridge, and were provided by geocachers who found GC3TC0G.
For more information on Geocaching, visit www.geocaching.com.

The instructions for the activity were:

> sit quietly for a short period of time and listen
> on one of the sheets, describe one particular sound that you can hear with as much detail as you can
> do not include the source of the sound in your description, only how it sounds
> the source should be ambiguous to the reader

Some descriptions were edited slightly to remove references to source sounds, but are otherwise unchanged.
